Western Ontario District
March 10, 2024

Commander Homan, Western Ontario District Officers, Squadron Commanders, Members and Guests

I have not much activity since the January 5th District council meeting.

Thank you to the Sarnia Yacht Club for again providing their facilities for the March in person meeting.

Thank you to the Sarnia Squadron for hosting today's meeting and lunch.

This meeting will be our first hybrid meeting. There may be some glitches, but that is part of the learning experience. So ask everyone to be patient.

With regards to our Mail Chimp Program, it has been at no cost for the district to this point. But I was advised there may be some changes coming to the terms of use. I am having Drew Climie review the terms of use.

From National Membership Committee.
A dedicated member of the National Membership Committee will now be receiving CC's of all membership payments failures for Auto Renewal and Manual Renewals. There are numerous reasons from expired Credit cards, changed contact information, programming issues, etc.

Respectfully Submitted
Bob Parke
