## Recreation Vessel Courtesy Check

At times it's a challenge to convince boat owners to do a safety check for their vessel. CPS-ECP has a programme for volunteers to go through a check list for the owner's vessel size to make sure they have all the necessary equipment on board. Tom is in need of some bodies to achieve this task. If you would like to help, contact Tom Dunmore at [thdlaw@gmail.com](mailto:thdlaw@gmail.com).

## Dry Rot News Letter

There have only been a few publications of Dry Rot in the past year. The squadron really needs someone to fill this position. If you would like to volunteer make contact at 905-389-5719 or [hpsdryrot@gmail.com](mailto:hpsdryrot@gmail.com).

## A Squadron First

As you know, your squadron has been offering the Restricted Operators Certificate for VHF marine radios as a self study course since November of 2020. In April of 2022 we had a lady, who lives on her boat, register from Switzerland. She informed us that Canada was the only country she could find that offered the radio course online. Later that month she passed the exam, 95%, and CPS then sent her card to her in Switzerland. A first for our squadron!

## Education Courses

Once again fall has rolled around and the training department considers what and when we will offer boating courses. Our squadron only has 3 instructors so we are restricted in the number of courses we can offer and what courses we can offer. I suspect it will be the normal offerings, Boating 2 in January of 2023, Boating 3 in March 2023, and VHF Radio in April of 2023. CPS offers a number of other courses and seminars. If you are interested in instructing a course or seminar let me know at 905-389-5719 [ronwarby46@gmail.com](mailto:ronwarby46@gmail.com)
